27<sup>th</sup> March 2020

**Message from the Dental Council of Trinidad and Tobago**

In light of the Honorable Prime Minister, Dr. Keith Rowley's mandate for a lockdown of non-essential services from March 30<sup>th</sup> until April 15, 2020, the DCTT has the following recommendations.

Dentistry, as far as the Prime Minister has determined, does fall under the essential private health sector which should remain accessible. In this regard we do advise that all necessary precautions be taken to safeguard your staff, your patients and yourself. We strongly advise that should you decide to practice, it should be limited to dental emergencies only and the strictest protocols be maintained as regard to PPE and infection control, as outlined in our previous guidelines.

The DCTT thanks you for your continued support and will continue to update you as more information becomes available.

Sincerely,

-----  
Dr. Ingrid Seeberan  
Secretary – DDS (Hon)
